

ECOMMERCE CATALOGUE

PRODUCT DATA ENTRY PROJECT!

This project involves managing and updating product catalogue information for a leading e-commerce platform. The service provider will be responsible for entering accurate product data, uploading images, mapping categories, and ensuring that all product listings meet platform standards. The goal is to maintain a clean, complete, and high-quality product catalogue to enhance customer experience and improve search visibility.

PROEJCT SCOPE

The scope of work includes adding and updating product titles, descriptions, specifications, prices, and offers, along with uploading images that meet platform guidelines. Service providers must categorize products correctly, map attributes, create SKU codes, and manage variations like size and color. The role also involves regular inventory updates, removing outdated data, conducting basic QC checks, and handling bulk uploads with smooth daily catalogue maintenance.

📞 Free Training & Technology

We provide 3 days of free training for the e-commerce product data entry project, along with a complete free technology setup to help your team start smoothly.

Required Team Size: 5 Agents

Each agent must complete at least 75 products per day with 100% accuracy. In case of any errors, entries can be corrected and resubmitted to meet the accuracy standards.

FIXED PAY ₹2LACS PER MONTH
(GST Inclusive)

INFRASTRUCTURE

- Desktop/Laptop systems with stable internet connectivity.
- Basic knowledge of MS Excel, Google Sheets, and e-commerce portals.
- Experience in using catalogue templates, bulk upload sheets, and SKU.
- Familiarity with image compression & formatting tools.
- Updated browsers and secure login access as per company guidelines.

WORKLOAD

The daily or weekly product listing targets will be allocated based on the overall project volume. Deliverables must include clean and accurate product data, correctly mapped categories, and error-free uploads. All Turnaround Time (TAT) requirements and delivery schedules should be followed as per the agreement. Workload may increase during festive seasons and major sale periods.
